4. (a) G. O. No. L. 3059-124—L. B. 25-26-14, dated 12th November 1926, issuing instructions about the adjustment of funds at the credit of the Taluk Boards on 31st January 1927, the maintenance of the required establishment and other matters connected with the future working of the District Boards under the New Regulation.
(*b*) G. O. No. L. 3686-704—L. B. 119-26-1, dated 10—20th December 1926, sanctioniug the appointment of Inspectors of Panchayets on Rs. 60 plus Rs. 15 per mensem and a Clerk on Rs. 30 and requesting to send the proposals for the orders of Government.
Resolution of the Finance Committee.
'Recorded.
As regards the staff required for the District Board office, the Finance Committee is of opinion that it is not possible at present to make out exactly what minimum staff is required. However the Committee proposes that one hand on Rs. 40 out of the present establishment may be retrenched and the services of S. N. Ramakrishniah, who has put in a service of nearly 21 years, half of which has been spent by him in this office without adequate promotion for want of scope here, may be utilised in filling up one of the posts of Village Panchayet Inspectors in the District. The Committee further proposes that the scale already proposed and recommended by the Board for the revision of the District Board establishment in this office No. 639, dated 20th—22nd March 1926 may be regarded as the minimum requirement, the last hand on Rs. 30 plus Rs. 10 in the said proposal being deleted.
Seven of the Taluk Board Clerks on Rs. 25 that will be thrown out of employment may be entertained as Clerks on Rs. 30 for work in connection with the Village Panchayet in the Taluk offices and the services of the Alur Taluk Board Clerk may be utilised elsewhere in the Revenue Department.
As regards the Attenders, their services may be utilised elsewhere in the Revenue Department.
Out of the existing staff of 9 Sanitary Inspectors working now under the District Board, the Finance Committee considers that the utilisation of the services of the whole staff is not necessary, in view of the supervision of sanitation, drinking water wells, etc., having been taken out of the hands of the Board. The Committee consider that for the efficient supervision of works a Sanitary Inspector may be appointed for two Taluks for the purpose. For 8 Taluks in this District the services of 4 Sanitary Inspectors will be required. The remaining 5 Sanitary Inspectors will be available for being appointed as Village Panchayet Inspectors.'
Resolution.—The resolution of the Finance Committee as well as the proposals made to Government with this office No. 639, dated 20th—22nd March 1926, were considered and discussed in detail. The resolution of the Finance Committee is approved. While fully endorsing the views of the Finance Committee in respect of S. N. Ramakrishniah and having regard to the fact that

D. K. Rangachar, Clerk in the District Board office has been doing efficient work, and was also drawing a monthly salary of Rs. 50 when the Economic Development Work was under the management of the District Board with a Government grant, and has been drawing the low salary of Rs. 35 since July 1923, but is undoubtedly deserving of promotion, the District Board unanimously resolve that he may be recommended for being appointed a Village Panchayet Inspector. Thus the Board resolve that five Sanitary Inspectors and S. N. Ramakrishniah whose place will be abolished in the District Board establishment as well as D. K. Rangachar be recommended to be appointed as Village Panchayet Inspectors in the new scheme.

2. The Board would also point out that consequent on the abolition of the Taluk Boards and the retrenchment in the number of Sanitary Inspectors, the peons till now attached to these retrenched Sanitary Inspectors, and the Taluk Boards will find no place but as each Village Panchayet Inspector will be in charge of an entire Taluk and even Shikarpur in charge of a single peon will are given two peons each, it is suggested that each Village Panchayet Inspector may be given the services of two peons and the thrown out peons employed as such.

3. The Board suggest that as some of the Attenders have put in long service and throwing them out without providing them elsewhere will cause very great hardship to these low paid officials, immediate steps may be taken to provide them with appointments elsewhere so as not to bring out any break in the service.

5. Local and Legislative Secretary's circular No. 1400—L. B. 6-26-24, dated 8th August 1926, calling for draft rules for granting scholarships by the Local Bodies.

Resolution of the Education Sub-Committee.

'Draft enclosed may be approved.'

In the para. prescribing the age limit at 21, the last sentence may be modified as "The Board may grant exemptions in exceptional cases."

Instead of paying the scholarship on a bill presented after the expiry of the month, the amount may be sent to the Head of the Institution in advance every month, as many of these scholarship-holders will have to subsist on the stipends granted by the Board.

(*b*) Letter No. 2227-807, dated 24th September 1926, from the District Inspector of Education, Hassan, noting the cess schools in the list received with the above.

Resolution of the Education Sub-Committee.

'The proposal to withdraw one of the hands at Maddarahalli school is not desirable, as the strength has gone up to 75 now, and there is every probability of further

increase. With regard to Harlahalli, Kowdika and Nidvani schools, one additional hand for each school has been proposed to be given out of cess funds as per resolution of the District Board at their meeting held in the month of July 1926. And hence the change proposed by the Inspector of Primary and Middle Schools seems unnecessary.

With regard to Bagur and Belgode Incomplete Middle Schools whose strength is extremely low, it seems desirable to reduce them to the Primary Standard. The District Inspector of Education suggests to utilise the available provision towards the development of the schools at Yeslur and Hebbale into Pukka Middle Schools.'

Resolution.—The resolution of the Education Sub-Committee is approved, except as regards transferring provision of Belgode and Bagur Schools to Yeslur per and Hebbale.
